## *The Abduction from the Seraglio*

Mission: Seraglio. Suave and sophisticated secret agent Belmonte undertakes a mission of exotic espionage to rescue the love of his life (and fellow secret agent), Konstanze, enslaved by the villainous Pasha Selim. Backed in the mission by agents Pedrillo and Blonde, Belmonte battles to outwit the vindictive vizier and save the world. But will it be enough?

Mozart is for all times, and director **Michael Cavanagh's** wild and witty take on Abduction from the Seraglio takes us back to the style and glamour of the 60s. What happens when James Bond meets I Dream of Jeannie?

Join Edmonton Opera on a cold winter's night for action, mystique, seductive notes, wonderful arias, great fun and plenty of martinis.
